ITpipes Mobile - Easy Inspections

Expedite inspections and boost performance with ITpipes Mobile. This powerful software is compatible with the majority of camera systems on the market and is NASSCO and SPICAP certified.

ITpipes Web - Dynamic Reporting

ITpipes Web offers unlimited, drill-down filtering and SmartTabs to quickly display inspection results. As inspections are synced, corresponding assets are color coded and displayed on the included map. Instantly create reports and export to share inspection data with others.

ITpipes Sync - Automated Mgt

Sync can upload or download data, apply updates, send out automatic notification to users and is fully configurable. Settings allow Sync to run on a pre-defined schedule or on demand, as needed.

ITpipes Cloud - SaaS or Local

Fully hosted, on-demand, and SaaS, ITpipes Cloud securely stores and archives your pipe inspection data and videos for easy access anytime, anywhere. On-premise, local storage or client hosted cloud storage is also an option with ITpipes applications.

ITpipes™ + lucity™

Inspections when and where you need them.

Assigned Work Orders Sync.

Work orders assigned in Lucity are pre-populated in a to-do list that displays in ITpipes Mobile.

Complete Inspections Sync.

Inspections completed in ITpipes Mobile are uploaded to ITpipes Web and Lucity. The upload can include asset detail, asset inspection detail, and observation detail.

Emergency/Unplanned Inspections.

The ESRI map in ITpipes Mobile can be used to create emergency and unscheduled inspections, live in the field. After completion, ITpipes Sync auto-creates the work order in Lucity and uploads the inspection, ensuring all work is tracked.

Rescheduled Work is Reorganized.

Live in the field, Inspectors can pull assignments from other staff for completion. Sync tracks and finalizes this completion, uploading and adjusting info automatically inside Lucity.

Inspection Access for all Lucity Users.

ITpipes Inspection Viewer can be launched direct from Lucity. This gives comprehensive inspection information access to all Lucity users.
